Technical drawing of a handwheel valve assembly. The drawing shows a blue valve body with a black handwheel. Dimensions are indicated by red lines and labels: A is the total height, B is the width of the valve body, C is the height of the handwheel, and ØD is the diameter of the handwheel.

A 3D model of a valve actuator assembly. The assembly consists of a blue valve body with a white internal plug and a silver actuator on top. Red dimension lines are shown: 'A' indicates the height of the valve body, 'B' indicates the height of the actuator, and 'C' indicates the width of the actuator.

A 3D perspective view of a 3/2-way solenoid valve. The valve body is blue, and the solenoid coil is silver. The coil has a red adjustment screw on top. Three red dimension lines are shown: 'A' indicates the height of the valve body, 'B' indicates the height of the solenoid coil, and 'C' indicates the width of the solenoid coil.
