

Extensions

VSP-X Series

Product Features

- Brass chrome plated body for inert, reactive, flammable and oxidizing gas and mixtures up to grade 6.0
- Stainless steel 316L body for corrosive gases
- Extension for pressure control panel
- Design for easy installation

Typical Applications

- Component Testing
- Calibration Systems
- Laboratory Pressure Control
- High Pressure Sampling Systems
- Service & Test Equipment

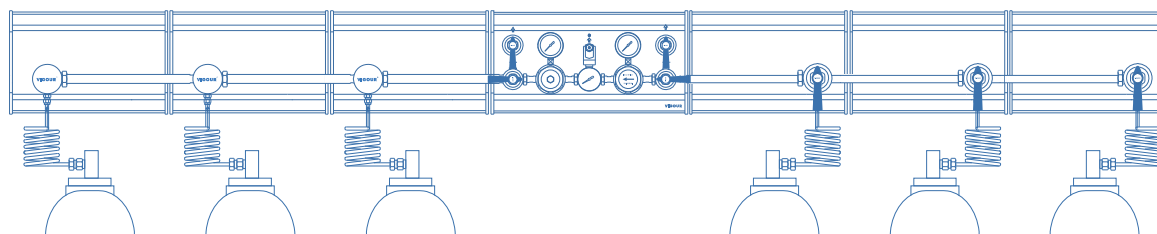

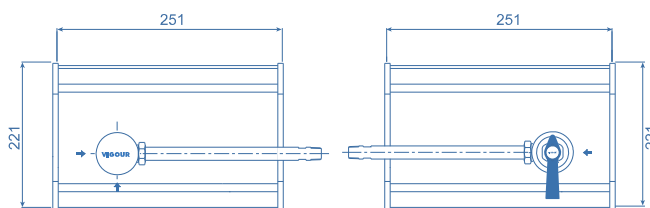

Tee Type

Relief Type

Technical Data

Inlet pressure P1:	max. 300 bar
Materials:	see ordering info
O-ring:	Viton® (FKM)
(option)	Kalrez® (FFKM)
Temperature range:	-30°C to +74°C
Weight:	1.2kg

Dimensions (mm)

Ordering Information

VSP - X - S - 1L - 1R - DV - O₂

Body Material

S: 316L

C: Chrome Plated Brass

Right Extension

1: single extension

2: Dual extensions

3: Tripe extensions

n: "2,3,4..." extensions

Type Of Gas

Please specify type of gas

Valve

None: Blok W/O valve

DV: VDV30 Diaphragm valve

Left Extension

1: Single extension

2: Dual extensions

3: Tripe extensions

n: "2,3,4..." extensions
